

I've always had the greatest respect for your company, and I am completely shocked by this action you are taking.

Please don't force your stations to air an anti-Kerry documentary days before the election. It makes everyone in journalism look bad, not just you. How can we ever trust what you do on the air again?

I know understand based on your actions why we need to strengthen media ownership rules, not weaken them.

Disappointed and disillusioned in Virginia,
Sharon Rapoport
